Dear Dan,

Thank you for all your efforts on our behalf. With the SEO and branding that you have put in place for us (including the logo creation, website, brochures and folders) we have increased the occupancy of the Denver Centerpoint I Executive Suites from 60% to 97% in the last six months! I am convinced, and the metrics prove out, that we are seeing increased interest simply because more people are finding us through Google or other search engines, which is directly to your credit! You have given the suites recognition now and a real web presence, which is something it greatly lacked before.

Due to the fact that we are almost full, we are looking at now expanding the Executive Suites to almost double their current size, which in turn helps the building occupancy. It's been a great success story for us, and we are very thankful for all your hard work! We look forward to our continued working relationship in the future.

Best regards,
